MEMORANDUM FOR: Director of Security

SUBJECT : Agency Photograph

1. The attached material should be self-explanatory. Ditto for the Director's hand-written request regarding the photograph mentioned in paragraph 4 of the cable.

2. As you probably know, the true names of the three individuals mentioned in the key sentence are [redacted] the Director and [redacted]. I strongly suspect the photo in question was one taken at the farewell dinner for Admiral Taylor. I know the Director and [redacted] were there and I believe I remember talking over drinks with [redacted]. I think you were also present. I forget the precise date of the dinner but it was the one given for the Admiral at the City Tavern just prior to his retirement.
